Quilpie AgForce member Jamie Kemshead has realised a life time dream to publish his first novel

"THE GREATEST LIFE, never to be lived."

Completed during what is hoped to be the latter part of this drought this launch on the literary world is the start of a new career not a one off. **"The Greatest Life"**, written under the pen name of Jamie Mclean combines fantasy and the rare reality, fragility, beauty and sometimes tragedy of life in the bush. On sale now at shops across the southern half of Queensland and also available on the web via www.jamemclean.com.
